EXTREME
pool lining system

EXTREME 3D POOL LINING SYSTEM

The latest addition to the Extreme range of linings available now is the 3D range of patterns. Manufactured in 2mm thick reinforced material incorporating a natural looking textured surface that makes it feel totally unique.

The 3D patterns are designed to give you a completely different swimming experience and give the effect of swimming in a natural environment. As you would expect from an Extreme lining the material has multiple layers of protective lacquer to keep the liner looking as good as new from day one, whilst resisting the ageing and challenging conditions of a swimming pool.

The Extreme 3D range is available in seven distinctive patterns, 3D Rustic, 3D Sandstone, 3D Marble and 3D Slate are all manufactured and designed to make swimming in your pool a pleasure for years to come.
